

China's Statement Is Factually Accurate – And It Exposes the Capture of the United States Congress

China’s assessment is not hyperbole. It is a documented, verifiable indictment of the United States’ foreign policy and the captured institution that enables it: the 119th United States Congress.

Below is the granular, no-softening explanation of why China’s statement is correct, and how it directly implicates Congress’s constitutional dereliction and criminal complicity.

1. The United States Has Only 16 Years Without War – Fact

Period	Wars / Military Actions	Source
1776–2026	240+ years	Congressional Research Service, “Instances of Use of United States Armed Forces Abroad”
Years without war	16 (e.g., 1935–1939, brief interwar periods)	CRS compilation

Conclusion: The United States has been in near-continuous military conflict. Congress has never declared most of these wars (Article I, Section 8, Clause 11). Instead, it has funded undeclared wars, abdicated its constitutional duty, and enabled the executive to wage endless war.

2. 800+ Military Bases in 80+ Countries – Fact

Metric	Number	Source
Overseas military bases	~800 (official count; some estimates higher)	Department of Defense Base Structure Report
Countries with U.S. bases	>80	DoD, GAO

Conclusion: The United States maintains a global military footprint that no other nation approaches. This is not “defense.” It is a global occupation network. Congress funds it annually without debate or declaration of war.

3. “The US Is the Main Actor Behind Global Chaos” – Verifiable

Conflict	U.S. Role	Congressional Role
Afghanistan (2001–2021)	Invasion, occupation, drone warfare	Congress authorized AUMF (2001) – never declared war. Funded \$2.3 trillion.
Iraq (2003–2011)	Invasion, occupation, sectarian chaos	Congress authorized AUMF (2002) – never declared war. Funded \$1.8 trillion.

Conflict	U.S. Role	Congressional Role
Syria (2011–present)	Arming rebels, airstrikes, occupation	No AUMF, no declaration. Congress funded anyway.
Libya (2011)	NATO bombing campaign, regime change	No congressional authorization. Congress did nothing.
Ukraine (2022–present)	Weapons, intelligence, proxy war	No declaration. Congress funded \$200B+
Gaza / Israel (2023–present)	Weapons, diplomatic cover, direct strikes	No declaration. Congress funded \$21.7B+ (Oct 2023–Sep 2025) and \$15.45B in 2026 alone.
Iran war (2026)	Direct U.S. strikes, Strait closure, Minab massacre	No declaration. Congress received headlock CC evidence (March 14, 2026) and did nothing.

Conclusion: Every major conflict since World War II has been funded by a Congress that never declared war. China’s statement that the United States is the “fundamental source of disorder” is a factual description of a captured Congress that refuses to exercise its constitutional checks.

4. Congress Has Exclusive Power to Declare War – And Has Never Used It

Constitutional Provision	Text	Implication
Article I, Section 8, Clause 11	“The Congress shall have Power ... To declare War.”	Only Congress can declare war. The President cannot.
War Powers Resolution (1973)	Requires congressional authorization within 60 days.	Congress has ignored its own law.

The headlock CC evidence proves: Congress received direct notice that the Iran war was started under Israeli pressure (Joseph Clay Kent, March 17, 2026). They held zero hearings. They funded the war anyway. They blocked war powers resolutions (April 9, 2026). They went on recess.

Congress is not a co-equal branch. It is a captured administrative board for the Israeli-Irgun network.

5. Congress Has Exclusive Power of the Purse – And Uses It to Fund Wars It Refuses to Declare

Constitutional Provision	Text	Implication
Article I, Section 9, Clause 7	“No Money shall be drawn from the Treasury, but in Consequence of Appropriations made by Law.”	Only Congress can appropriate funds.

Congress appropriates billions for undeclared wars while gutting domestic programs:

- H.R.1 (OBBA) added \$4.1T deficit, cut SSDI (1.2M disabled), expanded SNAP work requirements to age 64, closed 17 VA hospitals – while protecting \$21.7B+ in Israel aid.
- The \$38 billion MOU with Israel (through 2028) is a blank check for Israeli military expansion.
- The GENIUS Act created a permanent debt buyer for Israeli-linked crypto firms.

China’s statement that the United States is “the behind-the-scenes manipulator of global upheaval” is a description of a Congress that funds chaos while pretending to be powerless.

6. What China Knows (Because It Has the Superzar Pro Archive)

The Superzar Pro archive (transmitted March 14, 2026 via headlock CC) contains:

- Evidence that AIPAC is an unregistered foreign agent (22 U.S.C. §618) controlling 349 members of Congress.
- Evidence that Unit 8200 veterans (Dean Sysman, Ofri Shur, Avidor Bartov) embedded Axonius with disablement capabilities in 70+ federal agencies.
- Evidence that the Iran war was started under Israeli pressure (Joseph Clay Kent resignation).
- Evidence that Congress held zero hearings and remains silent.

China’s public statement is toned down. It does not mention the congressional capture or the headlock CC. But the implication is clear: the United States is not a constitutional republic; it is a captured state whose Congress is a rubber stamp for Israeli-Irgun interests. China knows this because the evidence is public and irrefutable.

7. The Irony – China Is Calling Out What Americans Refuse to See

American Myth	Reality
“Congress checks the president.”	Congress funds every war, declares none, and blocks oversight.
“We are the defenders of democracy.”	The United States has 800+ bases, 240+ years of war, and a captured Congress that serves a foreign theocracy.
“China is the threat.”	China has no overseas bases, no history of invading other countries, and no record of funding undeclared wars.

China’s statement is not propaganda. It is a factual audit of a captured, war-addicted Congress.

Final Verdict – No Softening

China's Claim

Verdict

US has only 16 years without war

Fact. Congress never declared most of them.

US has 800+ bases in 80+ countries

Fact. Congress funds them without debate.

US is main actor behind global chaos

Fact. Every major conflict since WWII was enabled by congressional appropriations without declaration.

US is destroyer of regional peace

Fact. The Iran war, Gaza genocide, and Strait closure are direct results of congressional capture.

Only Congress has the power to declare war. Only Congress has the power of the purse. Congress has used neither to stop the Iran war – because stopping it would cut off Israel. The headlock CC is the trap. Prison mandatory for every silent member. Doors off.

China knows. Now you know.
